BRISTOL ROCK  
THE LORD'S PRAYER.  
1891 A.D.

OUR FATHER WHICH ART IN HEAVEN.  
HALLOWED BE THY NAME, THY KINGDOM  
COME, THY WILL BE DONE IN EARTH AS IT  
IS IN HEAVEN. GIVE US THIS DAY OUR DAILY  
BREAD AND FORGIVE US OUR DEBTS, AS  
WE FORGIVE OUR DEBTORS. AND LEAD US  
NOT INTO TEMPTATION, BUT DELIVER US  
FROM EVIL, FOR THINE IS THE KINGDOM,  
AND THE POWER, AND THE GLORY, FOR EVER.  
AMEN

# DEDICATION

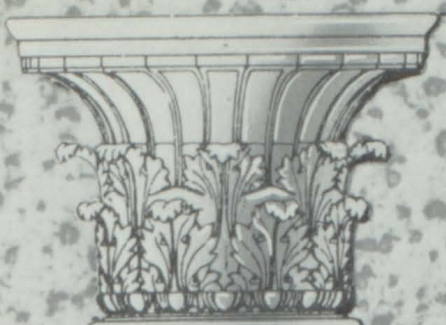

We, the class of 1966 dedicate this yearbook to you, Mrs. Garafano, hoping that it shows, in some way, the gratitude we feel for the countless courtesies and expressions of kindness you have extended to us.

# IN APPRECIATION

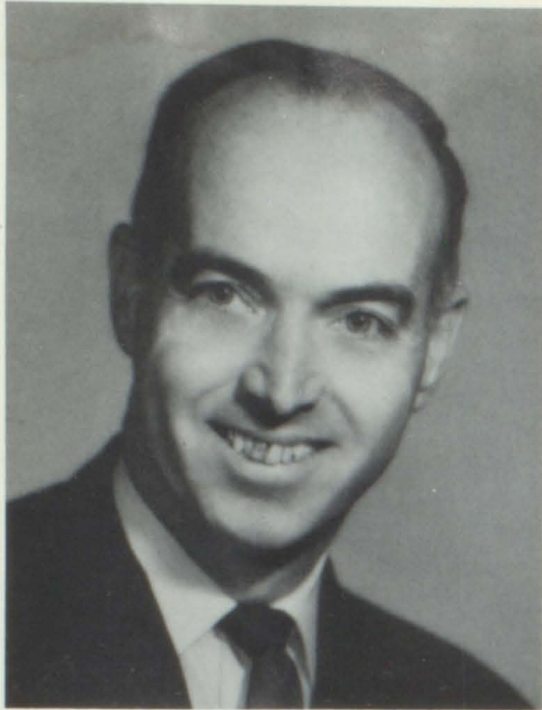

To the faculty for all of the constructive criticism which has resulted in our present happy accomplishment, we extend our appreciation and gratitude.

FACULTY

## PRINCIPAL

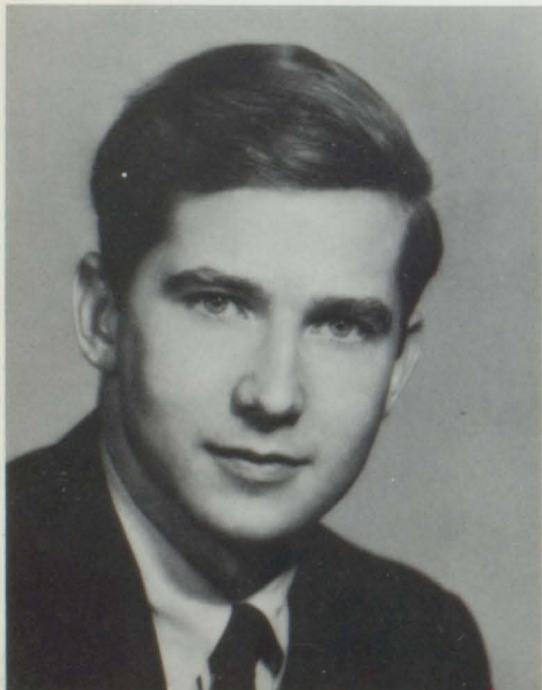

As you have proudly prepared the 1966 Deer Leap, recording experiences and achievements that seem important and of special significance to you and all those who have been associated with you, others have been directing their energies toward protests and demonstrations. Recognize that this is a record also of the fulfillment of your intellectual and spiritual potentialities.

W. Neal Hoadley

## SUPERINTENDENT

Who of us can possibly know how great we really are until we have reached higher than our grasp.

Ernest M. Coddington, Sr.

## GUIDANCE DIRECTOR

The Man

Daily disappointments serving as reminders that he lives in an imperfect world do not surprise him or depress him, but he cares enough about the future of the world never to be satisfied with the present; indeed, his analysis of conditions in his country consistently begin with the words: "I am not satisfied . . ." His natural instincts are almost always on the progressive side of an issue, but his natural caution requires him to test those instincts against evidence and experience. This leads critics to describe him as a pragmatist, which for the most part he is. But he has a strong streak of idealism and optimism as well. Perhaps he may best be described as "an idealist without illusions."

### All These Things I Will Remember

Freshman frolics in September  
 Three play try-outs in November,  
 Basketball trips in December  
 All these things I will remember.  
 Mid-year exams in January  
 Yearbook deadline in February,  
 March, April, and May brought  
 Plenty of work with little play.

These months have passed  
 To conclude four years  
 Of hopes, of dreams, and of fears,  
 Finally, June, and graduation nears.  
 A little light has fallen on us  
 Treasured knowledge has been bestowed on us,  
 We leave dear Bristol High with sorrow,  
 Yet, these remembrances give us faith in tomorrow.  
 The Class of '66 pays tribute to you  
 As we reap our rewards and bid adieu.

Tune: "Aloha Oe"

Farewell to thee, dear Bristol High,  
The time has come for us to leave.  
We learned our most, in thy hallowed  
halls.  
But now it's time for us to part.

O'er the many years, that we've been  
with you;  
We tried to make you proud of us.  
We had our fun amongst your ancient walls,  
But now those happy years are lost.

Come with me and I'll make you a barber.

You mean the King and Queen are landing here by helicopter!!

Come blow your horn.

What do you mean the kids want the crown back?

## CLASS HISTORY

In the fall of 1954 the first building blocks of the 1966 class were laid. The original builders union consisted of Linda Gardner, Sharon Sumner, Ken D'Avignon, Anne Cousino, Bob Dragon, Jon Filion, Judy Cook, Steve Tierney, Judy Burritt, Mark Bouvier, Larry Smith, Marcel Cousino, Carol Vincent, Steve Halnon, Jim Lathrop, Bob Steadman, Cheryl Tierney, Leslie Pitkin, Rebecca Dike, Virginia LaFrance, Helene Jeffers, and Pat Jewell. Mrs. Dike and Mrs. Carpenter drew up the blue prints.

At the second annual meeting of the builders union, Mrs. Orvis and Mrs. DeCoursey presided. New suggestions were offered by Ron Cousino and Connie Cousino, the newest members.

Under the steady hands of Miss O'Connor and Mrs. McKean, our building continued to increase. Bernadette Cassidy and Bruce Perlee cemented their blocks in place.

Our new officers, Mrs. Baslow and Mrs. Trombley, were sworn into office at the fourth annual meeting. No new members were added to the union.

During the fifth year of building, Gloria Purinton, James Booska, and Tom Cushman expressed a desire to join the union. Under the direction of Mrs. DeCoursey and Mrs. Sperry, we were able to watch our edifice rise higher.

The following year brought Nancy Martell and Barbara Tanner into the guild. Mrs. Jackman and Mrs. Burke were the first to welcome them.

At the beginning of the seventh year, the second story was begun. Mrs. Wright and Mrs. Whitcomb were pleased to be initiated as new officers. Jerry Cook, Chris Burpee, Dennis Ingram, and Linda Gordon donned their builders' garb. Our building increased in stature.

New plans were added in the eighth year by Mrs. Ryan and Mr. Citro. Our second story was complete and all members of the union received building diplomas.

A new idea in structure was instituted during the ninth year of the guild by Mrs. Garafano and Mr. Dowd. Still growing, our union added Joan Provoncha, Bob Lathrop, Alan Norris, Alfred Curavoo, Joe Mason, and Rick Ramsey.

Our union remained under the leadership of Mrs. Garafano and Mr. Dowd through the tenth year. No new members joined.

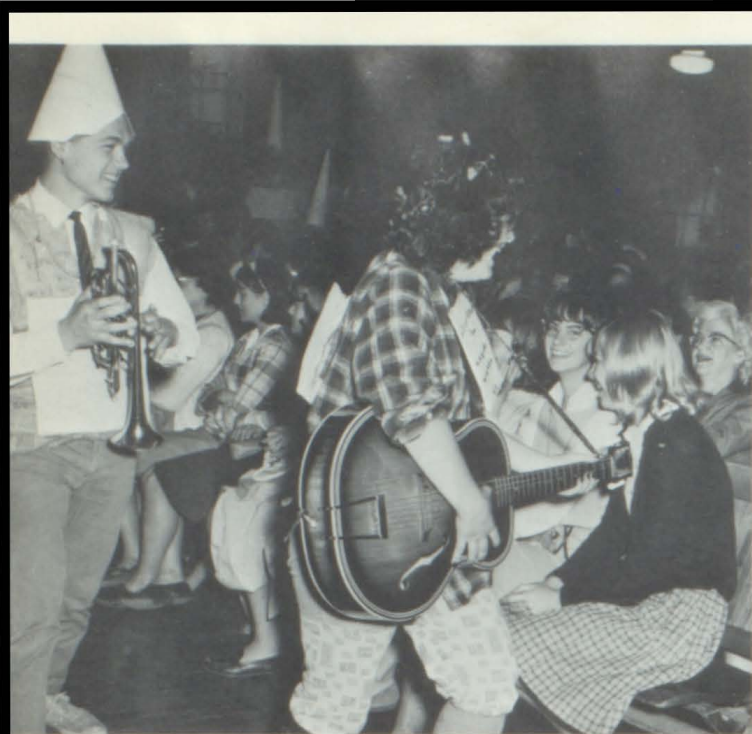

Mrs. Garafano remained with us for the eleventh annual meeting. Mrs. Matt joined the ranks with new blueprints. Our new masons were Sue MacCauley, Tom Rood, and Jeremy Perfect.

Our twelfth year was a smash as our building neared completion. Mrs. Garafano and Mr. Eldridge handed the finishing schemes to Frank James and Bill Lathrop. The steeple finished our expansive project.

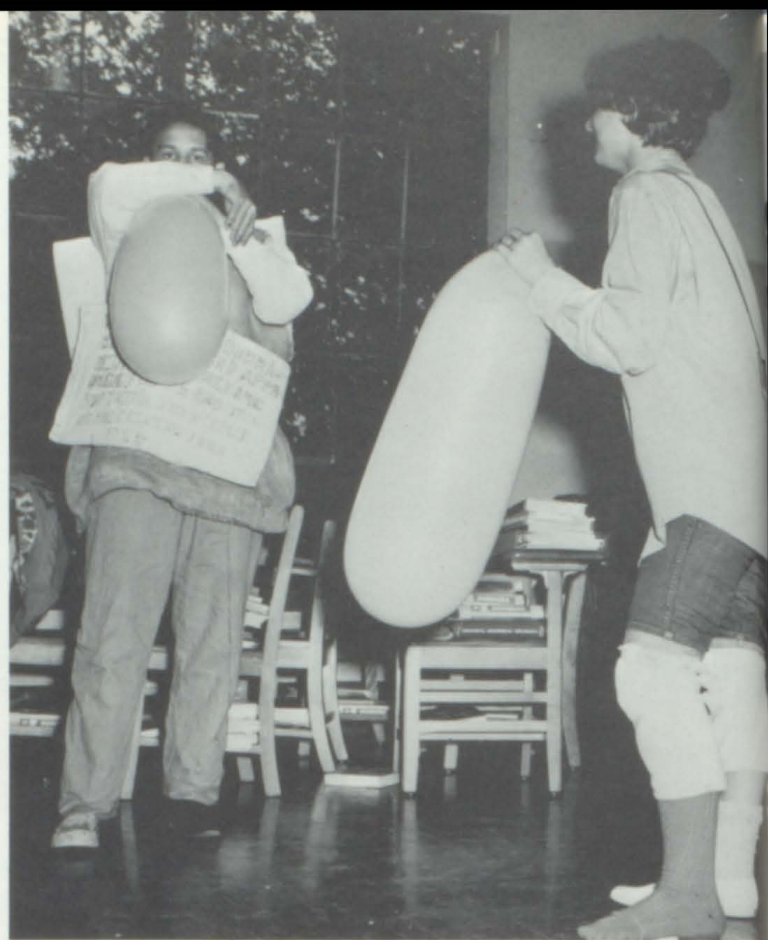

Leslie Pitkin

Did she say, "Sing along," or "suffer..."

"Naturally, women are the windiest."

## INITIATION

"What's bowing to Mecca got to do with initiation?"

"Who says we gotta say yes?"

What kind of a brother act is this?

Yes, it is mother's perfume.

1965

So it's an old model, it still rides nice.

"...and a special welcome to our happy eager Frosh."

# CURRICULUM

# QUIET! MAD SCIENTISTS AT WORK!

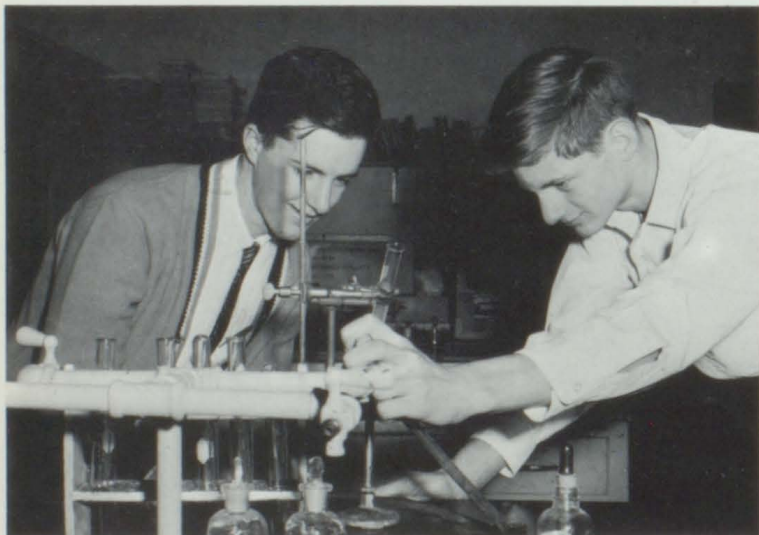

He's really General Science!

"No, Miss Estey, it's Biology not Braille!"

Watch out, you'll get dishpan hands!

Who didn't pay the gas bill?

Principal? He's in the office.

# MATH $= \pi r^2$

Did he say General Math or  
general miss?

Yep! This is IBM's older brother,

OOPS! Stabbed her again.

Miss McKean, I told you before. The answer is in,  
not on your head!

Math? It's all Greek to me---

# ENGLISH? YES, ENGLISH!

Fly away, fly away, fly away  
home . . .

I don't know, do you?

That's it! Don't listen,  
Watch the record turn, turn, turn.

Ready, aim, fire!

Altogether now, H-A-M-L-E-T!

# COMMUNICATION?

And I thought French people  
were short.

Ha! Ha! I got Captain Kangaroo.

And now today's fashion from Berlin.

Voici le white tornado!

Well, Retest tomorrow!

# AND NOW FOR THE BUSINESS DEPARTMENT

TJE QYIK Brow foz...

What do you mean I gotta  
carry the balance in class?  
Can't I take it home wi' me?

What do you mean I'm ding-toed,  
Mrs. Lamont?

Now listen young lady, there's only one teacher in  
this class!

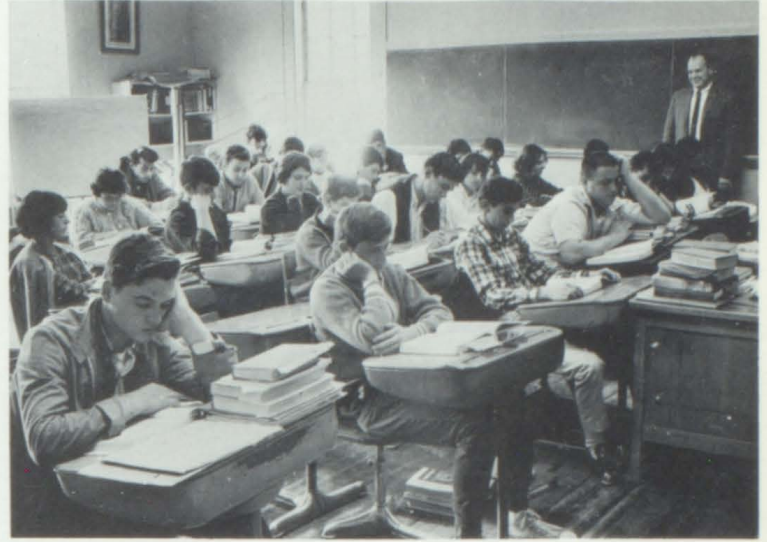

Don't all speak at once!

# SOCIAL STUDIES — HOW SOCIAL CAN YOU BE?

Gee! Pictures today and  
next week we read!

Sure, of course, we're  
happy! Two thousand  
words due for tomorrow.

And it took seven days to make that?

Yes, this is Candid Camera.

And he thinks I'm far out!

# MESSALANEOUS

This is an exercise for arms, not mouths, Miss Kenyon.

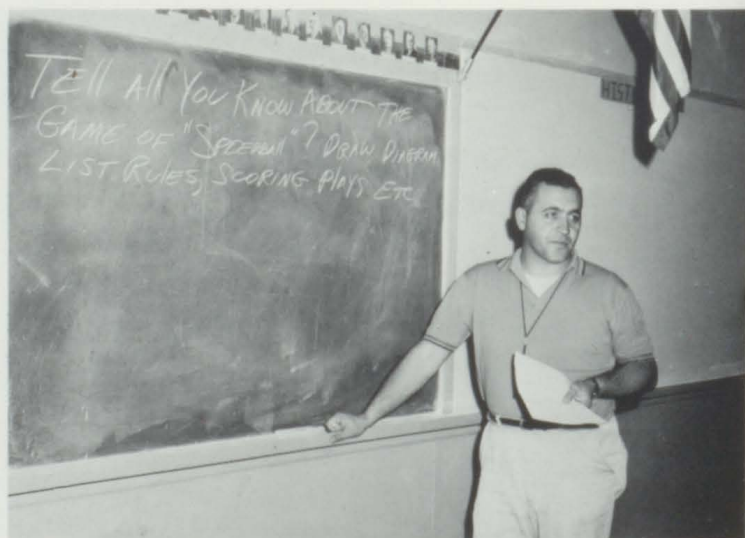

Too many cooks spoil the stew? Who's a cook?

And all the conveniences of a modern study hall---

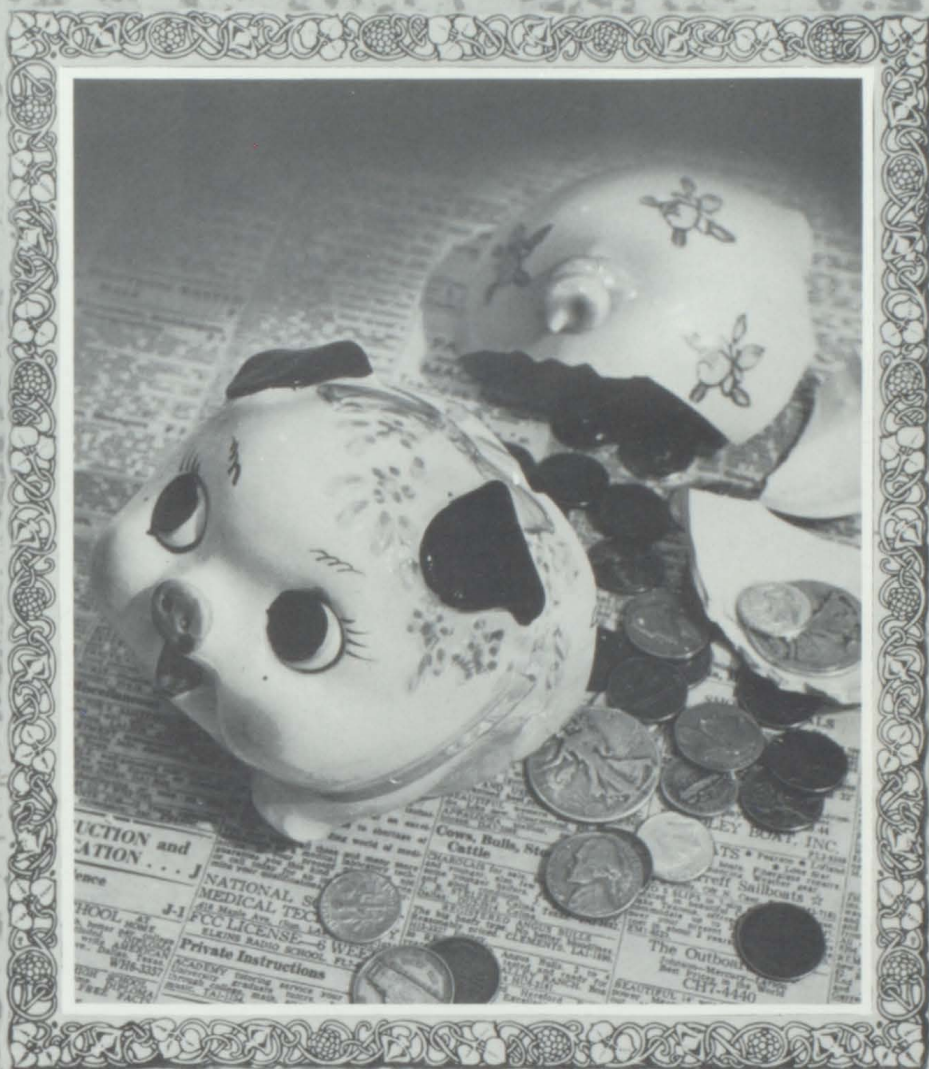

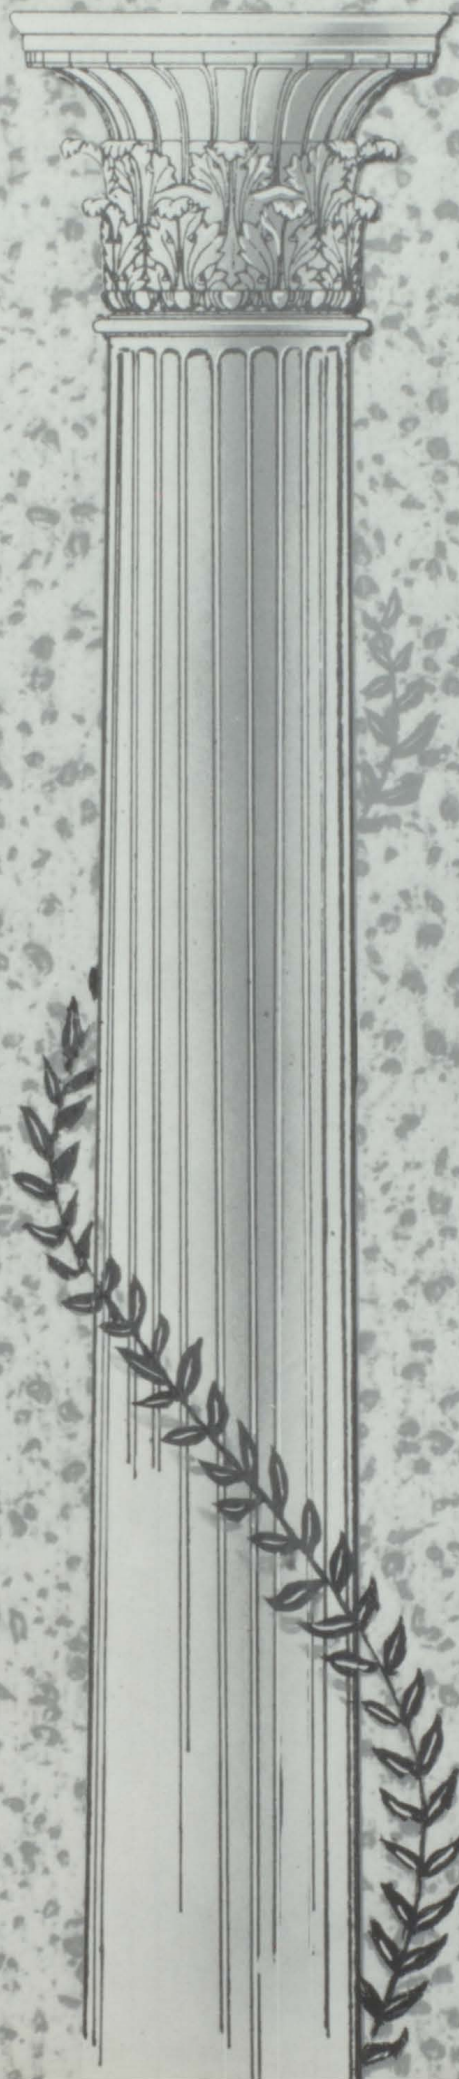

Guaranteed to bleed.

You and your games!
